Education

Government College Of Engineering   **2021 − 2025**
B.Tech in Information Technology, CGPA: 7.76   *Karad, Maharashtra*

Sadguru Gadage Maharaj College   **2019 − 2021**
HSC (Grade 12th), Percentage: 94   *Karad, Maharashtra*

KCT's Krishna School, Karad   **2009 − 2019**
C.B.S.E (Grade 10th), Percentage: 91.67   *Karad, Maharashtra*

Projects

NoteHive | *Kotlin, MVVM, ROOM Database, Adapter, View Model*

- Created an Android application using Kotlin and Android Studio to create notes.
- These notes can be made by giving a title to them and then adding the text in the text in the section below.
- Anyone making the note can search for a specific note, can edit it and can also delete it.
- GitHub

LinkUp | *MERN, Socket.io, Cloudinary, Tailwind* | Link | Github

- Engineered and deployed a dynamic, responsive chat application with a seamless user experience.
- Implemented secure authentication and authorization using JSON Web Tokens (JWT).
- Integrated Cloudinary for secure and scalable image and file uploads within chats.
- Designed an intuitive, mobile-friendly interface with TailwindCSS and Daisy UI for seamless user experience. Utilized Zustand to efficiently manage global application state for real-time updates.
- Integrated Socket.io to enable real-time, bidirectional communication between users.
- Successfully deployed on Render with optimizations for scalability and performance.

BuyHive | *JavaScript, React, MongoDB, Postman, CSS* | Demo | Github

- Built a feature-rich e-commerce web application using React, Node.js, Express, and MongoDB.
- Implemented comprehensive admin functionalities, including creating, updating, and deleting categories/products, managing user data, and updating order delivery statuses.
- Developed intuitive user functionalities such as product search, category/price filtering, similar product suggestions, and detailed product pages.
- Enabled users to add products to the cart, place orders, and view their order history through a personalized dashboard.
- Structured and managed all application data in MongoDB, ensuring data integrity and scalability.

Technical Skills and Tools

Technical Skills and Languages: DBMS, OOP, C, C++, Kotlin, SQL, HTML, CSS, Javascript
Tools: VS Code, Android Studio, MySQL, GitHub, Postman
Soft Skills: Presentation, Team Work, Communication, Leadership, Adaptability, Time Management, Self Motivated.

Roles and Responsibilities

Government College Of Engineering   **2022 − 2024**
TPO Coordinator   *Karad, Maharashtra*

- Successfully coordinated the placement drives at GCE Karad.

Internship   **Oct 2022 − Nov 2022**
IFS India Mercantile PVT LTD, Pune   *Online*

- Learnt about the Object Oriented Concepts in C++.
- Learnt about the Data Structures in C++.
- Learnt about, encapsulations, abstraction, polymorphism, inheritance, classes and objects.
- Certificate
